Think all senior Healthcare is the Same? Think Bienvivir.

Bienvivir Home Health: Expanding Comfort and Care

Bienvivir All-Inclusive Senior Health has been serving El Paso's elderly population for more than four decades, and this year, the organization is proud to expand its reach to include the 79922, 79932, and 79938 zip codes. This growth ensures that more families across the city can access the vital services of Bienvivir's Home Health Department, a cornerstone of its mission to deliver care directly to the homes of participants.

As El Paso's only PACE (Program of All-Inclusive Care for the Elderly) provider and a committed nonprofit, Bienvivir is focused on helping seniors remain in their homes whenever possible, surrounded by comfort and independence, while receiving comprehensive support tailored to their needs.

The Home Health Department offers two key programs: Comfort Care, which provides skilled nursing, therapy, and personal assistance

for individuals managing chronic illness or recovering from hospitalization; and Hospice, a program dedicated to ensuring dignity, peace, and compassion during life's final chapter. Together, these services reflect Bienvivir's belief that quality healthcare is not just about treatment, it's about honoring each participant's journey and supporting families every step of the way.

What sets Bienvivir apart is that we are truly all-inclusive. Participants have access to a wide range of coordinated services under one roof, including primary and specialty medical care, nursing, physical, occupational and speech therapy, nutrition programs, social services, transportation, and recreational activities. By integrating these services with our Home Health Department, Bienvivir ensures that every senior receives not only medical attention, but also the holistic support needed to live with dignity, independence, and quality of life.
